

# WORKPLACES YOU CAN *BELIEVE IN*

## OUR ETHOS

*An ethos, by definition, is the guiding beliefs of a person, group, or institution.*

At Ethosource, we believe that your vision of an ideal work environment is attainable, no matter your budget. Our approach is to fully understand your space's potential and creatively collaborate with our entire team to make your vision become a reality. Using a blend of our quality product solutions and turnkey services, our experienced staff have the capabilities to handle projects from initial concept to installation - allowing us to **create a workplace you can believe in.**

## APPROACH

*We believe in understanding your vision before we can provide the solution.*

At Ethosource we pride ourselves on listening to every customer's unique situation and utilizing our entire team to evaluate the best options for creating their ideal work environment. We've done this through:

- Designing custom solutions for every client to fit their budget
- Remaining in contact with the customers through furniture reconfigurations, repairs, updates, cleaning, moving, trade-ins, buyback, liquidation, and storage
- Having a customer-centric philosophy in which you simply tell us what you envision, and our team takes care of the rest

## EXPERIENCE

*We believe there is no substitute for experience.*

Since 2001, we have grown from two people in a small one-room office, to a national leader in office furniture solutions. We've been able to collaborate and create workplaces for start-ups, Fortune 500 companies, and everything in between. The knowledge we've acquired since our inception has been an invaluable resource for our customers.

OUR EXPERIENCE  
BY THE NUMBERS

5,000

Over 5,000 projects completed since opening our doors.

500

Nearly 500 years of combined industry experience on staff.
