DEMOUNTABLE WALLS

nxtwall

Flex Series

The Flex Office Wall System offers flexibility and options not normally seen in modular office partitions. Office remodeling and updating comes with costs. Building a new wall or adding on is a big commitment. NxtWall understands that and the solution is removable, movable and reusable offices walls that can expand and contract making NxtWall office walls a true drywall replacement. The benefits of portability and sustainable design makes a NxtWall room divider partition office wall a smart budget friendly choice.

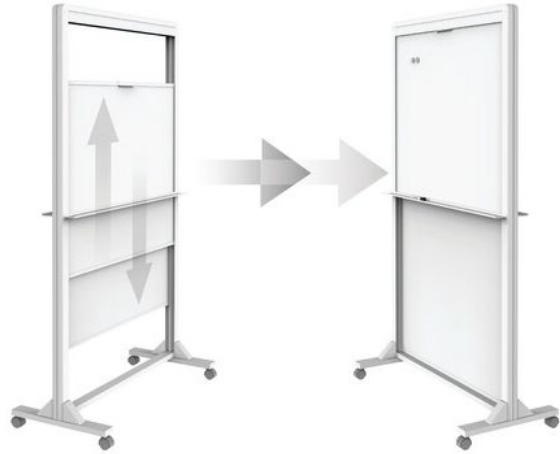

View Series

The View Glass Office Wall System combines simplicity with flexibility making moving the wall configuration an easy task. The minimally seamed glass front solution offers elegant frameless glass sliding doors as well as framed aluminum or wood doors. The View office wall Series can be combined with our most comprehensive and Flex Office Wall Series. Combining both office wall systems can deliver the most scalable front and side wall solution on the market today.
